

Mr. Martin Cull

Inducted into the NLBA Hall of Fame in 2001 as a “Builder”

The amount of hours Martin Cull has spent at Basketball can not be calculated very easily. He has coached in excess of 65 teams. A proven Communicator and Motivator, Martin has worked with very good teams and made them better and he has built champions from the ground up. He is well respected because of his dedication to his players and because of the respect he shows them. An inspiration to many... part of Martin's success lies in the number of people he has coached whom today continue to play or coach here in the province.

One of the most respected coaches in the province during the past four decades, Martin Cull has always had the ability to bring out the best in the athletes fortunate enough to have played on one of his teams. In the province he has coached teams in St. John's from school such as St. Bon's, St. Pius X, Brother Rice and Gonzaga, in Placentia he coached at Laval, in Corner Brook he coached at Regina, plus he has coached teams at the provincial level and in the Senior Men's Division 1 and Ladies Leagues, and is currently assistant coach with the MUN Men's Sea~Hawks basketball team. His coaching stats are unbelievable.
